**RE: ALPHABOW ENERGY LTD.
NOTIFICATION OF PROPOSED PIPELINE ABANDONMENT
PIPELINE TIE-IN: 1-20 TO 15-17-50-12 W4M
AER PIPELINE LICENSE NUMBER: 54765-111
LANDS INCURRED: SE 20 & NE 17-50-12 W4M
ALPHABOW FILES: E14111**

As a landowner, resident, occupant or crown disposition holder falling within the prescribed consultation and notification radius as designated by the Alberta Energy Regulator (AER), this letter is to advise you of AlphaBow Energy Ltd.'s ("AlphaBow") intentions to abandon the following pipeline which is associated with the Site Rehabilitation Program:

0.86km long, 114.3mm OD steel Natural Gas pipeline with license #54765-111

Surface Equipment

There will be no surface equipment installed relating to the abandonment of this pipeline.

Proposed Scheduling and Operations

Abandonment will require the use of heavy equipment and is expected within Q4 2021 / Q1 2022 and will last approximately two (2) weeks. As weather and other projects can all affect the timing of a project, you will be advised if significant timing delays are anticipated.

Flaring Operations

There will be no flaring associated with the abandonment of this pipeline.

Traffic, Odors, Emissions, Noise

Any increased traffic will be short term in nature and eliminated once abandonment is complete. AlphaBow does not anticipate any odors during the abandonment of this pipeline. Possible emissions may originate from heavy-duty diesel vehicles, and normal light duty gasoline vehicles. There will also be an increase in noise during abandonment, which will be eliminated upon completion. AlphaBow will endeavor to address any traffic, dust and/or noise concerns should they arise.
